Any in-person hearing will be held in the county of Merchant’s principal place of business.

f. **Arbitrator’s Authority.** The arbitrator exclusively decides all issues, and has the power to rule on his or her own jurisdiction, including any objections with respect to the existence, scope, or validity of the arbitration agreement or the arbitrability of any claim or counterclaim, and has the power to determine the existence or validity of a contract of which an arbitration clause forms a part, except that a court has exclusive authority to enforce the prohibition on class-wide or representative arbitration.

g. **Relief.** The arbitrator may award the same relief as a court could but may award declaratory or injunctive relief only to the individual party and only to the extent necessary to provide relief for that party’s individual claim. Any court with jurisdiction may enforce the arbitrator’s award.
