How to Order:
1. Choose the Shift4-certified, PTS-validated POI device with SRED as a function that best suits the merchant’s needs and works with their POS.
2. Select a Shift4-approved provider on the next page to inject the Shift4 keys, then place the order.
3. Install the configured devices and contact Shift4 to go live with processing P2PE-secured payments.

Shift4 Payments P2PE Device: Ingenico iWL 258
Shift4 Payments is proud to support True P2PE® with the Ingenico iWL 258 terminal. When properly implemented alongside our TrueTokenization® solution, True P2PE can greatly reduce your PCI burden and your risk of a data breach. The iWL 258, designed for mobility, is a reliable, compact PIN pad that connects via Wi-Fi for use in the most active retail environments.

- Ethernet and Wi-Fi Connectivity
- U.S. EMV Certified
- U.S. PIN Debit
- Backlit Keypad
- Magnetic Swipe Reader
- Receipt Printer
- Color LCD Screen
- Manual Card Entry
- Supports Shift4’s VT4® iOS and Web App
- Contactless/NFC
- Google Wallet Tap to Pay
- Apple Pay
- Android Pay
- Samsung Pay
- SRED Compliant

*Best Practice:* Deploy an equal number of devices with each Shift4 P2PE key available for reduced risk and higher availability.

*Important:* There has been some confusion around the Shift4 configuration process regarding the requirement of a PIN encryption key, even if debit is not being utilized. Shift4 recommends that each Shift4 device being shipped automatically include a PIN encryption key along with the Shift4 P2PE key. If this is not included, there is a possibility that the devices will have to be returned for a PIN injection to utilize EMV functionality with Shift4. It is in the merchant’s best interest to have an EMV PIN encryption key injected with the Shift4 P2PE key to avoid having to send the devices back and ensure they have the highest available liability protection in the eventual case of Chip+PIN.

If you have questions about any part of the process or are unsure who to order devices from, we are here to help guide you. Contact our 24/7/365 Customer Support team at support@shift4.com or 702.597.2480 (option 2).
