Business Address:	8401 Colesville Rd,			Business Address:	919 E Hillsdale Blvd, 4th Floor		
City:	Silver Spring	State/Province:	Maryland	City:	Foster City	State/Province:	California
ZIP/postal code:		Country:	United States of America	ZIP/postal code:	94404	Country:	United States of America

A3. Scan Status			
Date scan completed	03/10/2020	Scan expiration date (90 days from date scan completed)	06/08/2020
Compliance Status	<b>PASS</b>	Scan report type	Full scan
Number of unique in-scope components scanned			102
Number of identified failing vulnerabilities			0
Number of components found by ASV but not scanned because scan customer confirmed components were out of scope			107

**A.4 Scan Customer Attestation**

Merchant Link attests on 03/13/2020 at 12:14:43 GMT that this scan (either by itself or combined with multiple, partial, or failed scans/rescans, as indicated in the above Section A.3, "Scan Status") includes all components which should be in scope for PCI DSS, any component considered out of scope for this scan is properly segmented from my cardholder data environment, and any evidence submitted to the ASV to resolve scan exceptions -including compensating controls if applicable- is accurate and complete. Merchant Link also acknowledges 1) accurate and complete scoping of this external scan is my responsibility, and 2) this scan result only indicates whether or not my scanned systems are compliant with the external vulnerability scan requirement of PCI DSS; this scan result does not represent my overall compliance status with PCI DSS or provide any indication of compliance with other PCI DSS requirements.

Stephen Ames, VP of Security Compliance

**A.5 ASV Attestation**

This scan and report was prepared and conducted by Qualys under certificate number 3728-01-14, according to internal processes that meet PCI DSS requirement 11.2.2 and the ASV Program Guide. Qualys attests that the PCI DSS scan process was followed, including a manual or automated Quality Assurance process with customer boarding and scoping practices, review of results for anomalies, and review and correction of 1) disputed or incomplete results, 2) false positives, 3) compensating controls (if applicable), and 4) active scan interference. This report and any exceptions were reviewed by Qualys PCI Support
