A Single Source for All Your Payments Needs. Welcome to the Future of Payment Processing.

Shift4's complete payment solution gives businesses the best of both worlds: full payment processing with merchant services AND our secure payment gateway.

Merchant Services

By combining payment services, you'll be able to cut costs to save money across the board. This could include free EMV devices and waived gateway setup and transaction fees.

Secure Payment Gateway

Our world-class, patented gateway includes the layered security of EMV, tokenization, and PCI-validated P2PE as well as advanced auditing and reporting capabilities.

Software Integration

Shift4 has hundreds of fully integrated POS and PMS solutions to choose from.

EMV Devices

We provide businesses with certified, P2PE-enabled EMV terminals, including Ingenico, Verifone, ID TECH, PAX, Innawi, and more!

Business Intelligence

Our Lighthouse™ Business Management System offers numerous reporting capabilities and customer engagement tools, giving you complete control over your business.
